## Trail 614: Clive iWay - Explore Hastings & Havelock North

SUNDAYS ONLY: FARMERS MARKET

Green/yellow line to the sea, 2<sup>nd</sup> blue inland line (Whakatu) to Hastings & green line to Havelock North

One way from Bike About Tours base

31.8kms to Te Mata Estate Winery

34.8kms: To Craggy Range Winery

19.8kms drop of at Awatoto beside the sea to Te Mata Estate

16.8kms drop of at Clive iWay to Te Mata Estate

**Note:** Afternoon collection at a time and place that suits you best - other than the pathways

**Flat terrain:** An enjoyable country ride

*With the exception of cycling to Craggy Range which is for the experienced cyclist hilly terrain and narrow road.*

*Acycle pathway is being built Winter 2019 – will keep you post regarding completed date of the pathway*

A pleasant 2.7kms ramble along Guppy Road to join the Tutaekuri Riverbank Pathway then onto Awatoto beside the sea. From here you cross 3 bridges all with cycle lanes to the village of Clive, require refreshments? try the River Bar Restaurant and further down on the pathway is Zeppelin Café & Gallery

Continue on the pathway beside Clive's Main Road – 2kms down you will join the iWay pathway on your right - this ride takes you past the Clive River - through the small settlement of Whakatu which was the home of the Whakatu Freezing works - with the removal of agricultural subsidies and trade tariffs by the government in the 1980s it hit Hawke's Bay hard because the region relied on the pastoral farming sector for revenue and employment. When the Whakatū freezing works closed in 1986, around 2,000 full-time and seasonal employees lost their jobs. Today the large freezing works buildings and new buildings have become home to a large Business Park – most of the houses in the village of Whakatu where built for the freezing workers

[Palmerston North–Gisborne Railway Line](#) has the cycle pathway running beside it. A great stop of for a breather is the **Fire Station Bakery & Café** you cannot miss it as it is painted red! park your bikes around the back of the building as lots of locals in cars come and go for food which is delicious. Back onto the pathway beside the railway line, **enjoy the landscape, commercial buildings - cross a bridge that was built especially for the cyclist as you make your way directly to Hastings Show Grounds which is home to the Farmers Market every Sunday from 8.00am to 12.30pm**

Continue on the pathway to Hastings town center a site to behold in spring and summer lots of hanging baskets. Then to <https://www.bravebrewing.co.nz> launched in late 2014, a small, award winning brewery located in the Hastings, family owned and operated. Our brewer Matt is incredibly passionate about the art and craft of brewing, starting out as a barebones, backyard operation, can now be found at the new premises in central Hastings, with an onsite tasting room and cellar door. We've grown a little, but our ethos hasn't changed. We make quality, flavourful beer and serve it to you fresh.–

**Te Mata Estate** wines are produced exclusively from their own five Hawke's Bay vineyards. Under vines for over 120 years, and including some of the oldest grape growing sites in New Zealand, the Havelock Hills are protected for their distinct character, special ambience and unique vinicultural heritage. The Havelock Hills Vineyards are renowned for producing wines with great balance, power and elegance. The Awatea, Elston and Coleraine Vineyards (the Buck family home) are all here, as is our winery - with some grapes travelling only a hundred metres from vine to bottle.

In 2010 Joanie and Richard Williams - **Origin Earth** – makers of fine cheese, started life in an ugly tin shed in the industrial end of Hastings. By mid-2012 it had become apparent that the building was rapidly becoming too small. Around that time the factory that was originally built for Te Mata Cheese became available and so Origin Earth moved to its current premises. "A larger factory meant they could further develop the range of cow and sheep milk dairy products –today producing a range of around 30 products, which include fresh milk, pot set yoghurt and a range of cheeses all of which are sold at the Origin Earth Cheese Shop, located up the drive at the rear of the factory."

## Akarangi Wines

We're about as far as you can get from the big commercial wineries, and we appreciate every visitor we get out here - so please feel free to come for a visit and tasting, and see something a bit different in our little part of the world.

**Craggy Range Winery & Restaurant** is 2.6km ride from River Road, gentle elevation then care to be taken on the downhill ride – road narrows and no pathway...

**Not advisable to bike this area for the time being unless you are an experienced rider** – As I write a new pathway is being built- The Hawkes Bay Regional Council is hoping it will be finished ready for the summer months 2019 /2020 will keep you updated

**Craggy Range Winery & Restaurant** is located at the foot of Te Mata Peak which is 388mts above sea level, the architecturally designed Giants winery complex, offers a second-to-none visitor experience. The Cellar Door has relaxed and intimate seated tastings, while the restaurant serves the best local and seasonal produce.
